A Habitat for Humanity Community

Spring 2022
Campaign Update

Strengthening the Fabric of our Community

Construction Update

- Land clearing was completed in early Spring. **Select hardwoods were saved** to build future community amenities like the pavilion (pictured on the left).
- Pro bono project manager **Bruce Ballentine** has led tours of the site.

Community Amenities

- Weavers Grove is designed to encourage interaction in a diverse community.
- Shared community space is a key aspect of Weavers Grove; people of different backgrounds, income levels, and ages can interact and form a sense of belonging.
- The neighborhood will feature amenities such as:

- Community Center	- Splash Pad	- Walking Trails
- Outdoor Pavilion	- Basketball Court	- Playground
- Garden	- Fix-It Shop	

Campaign momentum

- **We have raised \$5.63M toward the \$7.5M capital campaign goal** - more than 75%! The community rose to meet the 1:1 challenge from The Kenan Charitable Trust of \$450,000.
- 14 business leaders formed a new Corporate Committee and are helping to **engage the business community in the campaign**.
- Campaign donors are responding to the urgent need for affordable homeownership in Chapel Hill and to Habitat's innovative approach to building a diverse community.

Get Involved!

- Attend a tour to see the land yourself.
- Host a fundraising event to share Weavers Grove with your friends.
- Recognize someone special with your gift: naming opportunities are still available.

Thank you to our Campaign donors to date!
